RE: Mississippi Broadband Provider COVID-19 Grant Program

Dear Ike:

The Public Utilities Staff is in receipt of your request for census block information, dated July 1, 2020. In accordance with the Mississippi Electric Cooperatives Broadband COVID-19 Act, the Public Utilities Staff shall, by no later than July 10, 2020, specifically identify census blocks that are unserved or underserved according to the latest publicly available Federal Communications Commission ("FCC") broadband data. Each electric cooperative or broadband provider may request information for three (3) counties, and this request from North Lauderdale Water Association identifies the following counties: Lauderdale, Kemper, and Neshoba.

Enclosed is a list of census blocks in the specified counties that have been identified as unserved or underserved by the FCC. Additional information regarding deadlines and applications may be found at <https://www.mpus.ms.gov/covid19grant>. If you have any questions, please contact us via email at [covid19grant@mpus.ms.gov](mailto:covid19grant@mpus.ms.gov) or by phone at (601) 961-5407.

Sincerely yours,

Angel R. Stenmark, MBA  
Telecommunications
